Summative Performance Task	Argument	What would our world look like today if society didn’t change and conform to other societies? Do you feel that societal change is positive or negative? Write an argument to support your opinion using specific claims.
	Extension	
Taking Informed Action	Understand – Pick a decade between 1800 and now to research what changes in society happened during your chosen decade. Assess – Examine how these changes in society have impacted society as we know it today. Act – Imagine you have the ability to travel back in time. Create a comic strip describing a time-travel mission you embark on to change something that happened during your chosen decade that impacted society today – whether that be to ensure that an event does happen or to try and stop an event from happening.
